

02/19/2026

Dear Pratyay Dutta:

Congratulations! On behalf of Lawrence Livermore National Security, LLC (LLNS) I am pleased to extend an offer of employment as Data Science Institute Graduate Student Intern - Summer 2026 contingent on terms and conditions outlined below and in the attached Conditions and Contingencies document.

Position: As Data Science Institute Graduate Student Intern - Summer 2026, you will be assigned to the Computing Directorate, Data Science Institute reporting to Brian Gallagher and working with Vivek Sivaraman Narayanaswamy as your mentor.

Compensation: Your monthly base salary will be \$10,215.00 paid in bi-weekly installments. This internship is full time requiring 40 hours a week. All compensation shall be subject to applicable taxes and withholdings.

Travel: You are eligible for travel reimbursement to and from your point of hire, which is defined as your current school address or home address at the time of job offer. Travel expenses will be reimbursed according to the attached Scholar Relocation Travel Guide, please be sure to review carefully. Relocation benefits are considered income and are subject to tax withholdings that will be deducted via Payroll from your relocation reimbursement. Your reimbursement of travel expenses is contingent upon successful results of drug screening.

You are also eligible for reimbursement of round-trip shipment of personal effects up to 500 pounds, not to exceed \$600 each way. Domestic shipments must use a ground transportation carrier.

Benefits: As a part of the Student Internship Program you are eligible for the following limited benefits:

- Sick leave accrual
- Holiday pay
- Individual 401K Contributions
- Workers Compensation
- Pre-tax transportation
- Business travel insurance

Contact the Benefits Office at (925) 422-9955 for additional information regarding your benefits.

LLNS is committed to adhering to the highest standards of ethical conduct and compliance with all applicable laws and regulations. Once employed, you will be required to read, accept, and sign certain documents which may include Confidentiality, Ethics, Compliance, and Employee Inventions and Trade Secrets. You will also agree to adhere to the policies and procedures of LLNS and to perform all assignments in accordance with Environment, Safety and Health, security, and business practice requirements and policies.

Any representations contrary to those contained in this letter that may have been made or which may be made to you are superseded by this offer. If you accept this offer, the terms described in this letter, including the attached Conditions and Contingencies document, constitute your terms of employment.

Please indicate your acceptance by signing below. This offer, if not accepted, will expire 02/26/2026.

We look forward to welcoming you to the Laboratory. If you have any questions, please call me at (925) 423-5343.

Sincerely,

Alfonso Avila
University Talent Partner
Talent Acquisition Division

CONTINGENCIES RELATING TO THIS OFFER

This offer of employment is contingent upon the following:

- Approval of your post-offer employment security investigation by the Security Organization. You will receive an email including instructions on how to complete your background investigation form.
- Completion of the LLNS' drug screening requirements. The drug test must be taken within 3 business days of receiving the employment screening information, which will be sent by the Human Reliability Program Office following acceptance of this offer.
- Furnishing proof of authorization to work in the United States. On the date you first report to work you must present either one or a combination of original documents evidencing both your identity and employment eligibility.
- As a new employee at a research facility, on your first day, you will be asked to sign a form related to confidentiality of information and your rights concerning patent agreements while employed at the Laboratory. We have attached the form, "Employee Confidentiality and Intellectual Property Assignment Agreement" and "FAQs" for your advance review. If you have questions about this information, contact our Innovation and Partnerships Office at (925) 422-6416.
- If you participate or receive compensation from a Foreign Government-Sponsored Talent Reporting Program, or an Other Foreign Government Sponsored or Affiliated Activity sponsored by the government of China, Russia, Iran, North Korea or Belarus, you will need to cease and desist from participating in these programs as a condition of employment at the Laboratory. [See DOE O 486.1A for more information.](#)
- Obtaining and maintaining required immigration status and periodic approval by the Department of Energy for "Request for Foreign National Unclassified Visit or Assignment."

CONDITIONS RELATING TO THIS OFFER

Dates of Employment

Your tentative dates of employment are 06/22/2026 to 09/11/2026.

Virtual New Employee Orientation

Please follow instructions on what to do to attend your New Employee Orientation (NEO). Please consider that your orientation will be conducted virtually, so please ensure you have proper equipment that allows you to attend online. You will receive an email from our Onboarding Team asking you to join a Virtual New Employee Orientation via WebEx at 9am on your first day.

Security

The level of security clearance required for employment at LLNS is determined by the security requirements of each position. Clearances for individual employees will be initiated, changed or terminated as required for their current assignment. The position described in this offer does not require a security clearance at this time.

Work Arrangement

Due to the nature of the work, you will be working on-site full-time (100% of your work schedule).

TEMPORARY STUDENT INTERN ASSIGNMENT DESCRIPTION		
Posting # REF7634R		Job Classification: 705.3
Student Name: Pratyay Dutta		
Directorate: Computing		
Division/Department/Program: Data Science Summer Institute		
Matrix Organization: ☒ CASC ☐ NA		
Academic Program: ☐ High School ☐ Undergraduate ☒ Graduate ☐ Intern		
POSITION/DUTIES:		
This assignment will include the following: - Develop multimodal Vision Language Models (VLMs) that better capture fine grained and relational semantic nuances, including subtle visual attributes, object relationships, and scene context, using anchoring based training and fine-tuning techniques to improve interpretability and generalization. - Perform research, implementation, and experimental evaluation of anchoring based methods for enhancing relational reasoning in multimodal representations, including a comprehensive literature review, systematic experiment design, benchmarking against state-of-the-art methods, and rigorous analysis of results. - Contribute to scholarly dissemination of results by documenting methods and findings and assisting in the preparation of a high-quality research paper for submission to a leading conference, contingent on successful research outcomes. - Gather and analyze data and information in support of scientific research. - Participate in research planning and evaluation discussions. - Attend relevant seminars and/or conferences. - One seminar or poster may be presented on the assignment. - May prepare end-of-assignment technical report. - Perform other duties as assigned.		
TECHNICAL MENTOR:		
Name: Vivek Sivaraman Narayanaswam		
Lab Ext: N/A	Email: narayanaswam1@llnl.gov	Building/Room: N/A
ADMINISTRATIVE CONTACTS

PRE-PLACEMENT MEDICAL EVALUATIONS

If the successful applicant is an internal transfer or an individual who terminated from LLNL within the last 12 months, a medical examination may not be required unless this position's job demands are greater than those of the position previously held by the individual. For additional information, please contact Ruby Estes at 2-2077.

Please contact the appropriate Roster Coordinator shown below if the position requires enrollment in the Commercial Driver's License (CDL), Forensic Science Center Reliability Program (FSCR), Nuclear Facility Certification Program (NFCP), or Select Agent Human Reliability Program (SAHRP).

___ CDL—Valentina Timms (3-6333, timms2@llnl.gov; L-668) ___ FSCR, NFCP and SAHRP—Pam Ruiz (2-4789, ruiz3@llnl.gov; L-430)

Please review the 3 categories of evaluations below and select the appropriate response from the pull-down menu.

1. Pre-Placement Medical Exam

No Musculoskeletal pre-placement evaluation
(see criteria on page 4)

2. Medical Certification

No [Respirator Clearance](#)—Annual requirement, be sure to bring respirator questionnaire and the approval form signed by the supervisor.

3. Pre-Placement Surveillance Exam

Please indicate surveillance categories that apply to this position. A baseline surveillance evaluation may be either recommended or required prior to the conduct of the specified work. This exam should be completed prior to work, ideally within the first 30 days.

No [Asbestos](#)

No [Bloodborne Pathogens](#)

No [Lead \(Pb\)](#)

No [Beryllium \(BeW2\)](#)

No [Explosives](#)

No [Nanotechnology 1&2](#)

No [Biohazards 1](#)

No [Hazmat](#)

No [Nanotechnology 3&4](#)

No [Biohazards 2](#)

No [Hearing Conservation Program \(HCP\)](#)
(will be reviewed by Industrial Hygienist)

No [OSHA Carcinogens](#)

No [Biohazards 3](#)

No [Lab Animal Handlers](#)

REFERENCE INFORMATION

The Job Demands Worksheet is the tool that supervisors use to communicate the job and medical evaluation requirements to Human Resources and Health Services. Instructions for completing the Job Demands Worksheet are the following:

- A.** Complete the first line of the top section on page 1.
- B.** Review each item in the three job demands boxes. Use the pull-down menus to indicate whether each job demand is **Not Applicable**, **Non-Essential**, **Essential/Up to 3 hours/day** or **Essential/More than 3 hours/day**.
- C.** On the page titled “Pre-Placement Medical Evaluations,” please indicate all surveillance and/or certification categories necessary for the position. If you have any questions, please consult your ES&H Team industrial hygienist or HSD clinician.
- D.** Forward the form to your Employment Specialist in Human Resources along with the job listing text.

“Essential functions” are the basic job duties that an employee must be able to perform, with or without reasonable accommodation. “Essential functions” does not include the marginal functions of the position.

A job function may be considered essential for any of several reasons, including, but not limited to, any one or more of the following:

- A.** The function may be essential because the reason the position exists is to perform that function.
- B.** The function may be essential because of the limited number of employees available among whom the performance of that job function can be distributed.
- C.** The function may be highly specialized, so that the incumbent in the position is hired for his or her expertise or ability to perform the particular function.

Evidence of whether a particular function is essential includes, but is not limited to the following:

- A.** The employer’s judgement as to which functions are essential.
- B.** Written job descriptions prepared before advertising or interviewing applicants for the job.
- C.** The amount of time spent on the job performing the function.
- D.** The consequences of not requiring the incumbent to perform the function.
- E.** The terms of the collective bargaining agreement.
- F.** The work experience of past incumbents in the job.
- G.** The current work experience of incumbents in similar jobs.

(from AB2222)

Musculoskeletal Evaluation

A musculoskeletal evaluation is required for the following job demands:

JOB DEMAND	ESSENTIAL?	FREQUENCY
Lifting or carrying > 20 lbs.	Yes	3 or more hours/day
Lifting or carrying > 30 lbs.	Yes	Up to or more than 3 hours/day
Bending	Yes	3 or more hours/day
Stooping	Yes	3 or more hours/day
Crouching	Yes	3 or more hours/day
Kneeling	Yes	3 or more hours/day
Crawling	Yes	3 or more hours/day
Balancing	Yes	3 or more hours/day
Gripping	Yes	3 or more hours/day
Applying torque	Yes	3 or more hours/day
Pressing	Yes	3 or more hours/day
Pushing	Yes	3 or more hours/day
Pulling	Yes	3 or more hours/day
Climbing stairs	Yes	3 or more hours/day
Climbing ladders	Yes	3 or more hours/day

Expanded Definitions of Essential, Non-Essential and Job Demands

Essential: A job demand that is basic and indispensable to the job and cannot be reasonably circumvented. In other words, the job cannot be done without it, even after taking into account feasible alternative ways of accomplishing the same job.

Non-essential: A job demand that is not indispensable to doing the job, and can reasonably be circumvented if necessary. In other words, there are feasible alternative ways of accomplishing the same job.

The work demands shown below, with their definitions are in the order shown on page 1 of the Job Demands Worksheet. For job demands for which no definitions are available, please use your best judgement when completing the form.

Lifting: To raise an object to a higher position, i.e., move it vertically against gravity.

Carrying: To transport an object across a horizontal distance while supporting the object's full weight.

Bending: Any movement of the spine/torso/trunk that causes a change in alignment away from the neutral (normal standing, sitting or lying postures).

Stooping: Bending forward and down from the waist while standing.

Crouching: To stand or stoop with feet on the ground and knees bent.

Kneeling: To put the weight of one's body on one or both knees.

Balancing: Maintaining equilibrium while under conditions that might be expected to carry the risk of falling, other than on level ground, on a level floor, or on other flat, level, stable surfaces with minimum dimensions of 6 ft x 6 ft (1/8 m x 1.8m).

Reaching overhead: Reaching with the arms extended such that the hands are above the level of the shoulders.

Forceful Gripping with the Hands: Gripping where the person is aware of significant effort, or which would be expected to cause some degree of discomfort.

Applying Torque with the Hands or Arms: Torque force is applied in an arc (circular motion) such as tightening a lug nut with a wrench.

Noisy Environment: if sampling done, 80 or more dBA 8 hr TWA. Otherwise, subjectively noisy. Includes environments with only intermittent loud noises.

Near machinery with moving parts: Working with machinery such that there is potential exposure to moving or rotating parts.

Carcinogens, mutagens, reproductive hazards: Carcinogen = causing cancer. Mutagens = causing genetic mutations. Reproductive hazards = causing infertility, birth defects, or problems with pregnancy.
